Challenging MND
Netflix Application form

During these difficult times with many of us self-isolating or social distancing, Challenging MND would like to help people living with motor neurone disease in any way possible.

Therefore, to assist with prolonged periods indoors we would like to offer you the opportunity to have access to Netflix for the next 6 months at no cost to you.

Simply complete the form below, and once approved we will send you an online Netflix gift card to the value of £30 which will cover 5 months of the £5.99 package (Netflix will give an extra month free when you sign up).

Once the current Covid-19 crisis has subsided we at Challenging MND will continue in our aim to create memorable challenges or events for any person suffering from MND, and we would love to hear from you if this is of interest.

In the meantime, please email this completed form to info@challengingmnd.org

We look forward to hearing from you.

The Challenging MND Team.
